Jun 27, · When I say God, like Stephen Hawking, I am referring to the traditional definition of God. And yes, science has a lot to say about love. For one thing, it is based on hormones, but there are other scientific facts about allamericanlocks.com: Find helpful customer reviews and review ratings for 5 arguments against STEPHEN HAWKING, God exists! (ARGUMENTS AGAINST STEPHEN HAWKING...,GOD DOES EXISTS!) at allamericanlocks.com Read honest and unbiased product reviews from our users. By happenstance rather than deliberate program, I had been plowing through St. Augustine's Confessions, of which I had just completed the eleventh book, the autobiography of St. Ignatius of Loyola, and Stephen Hawking's A Brief History of Time.

There must always be an uncaused first cause that created everything that began to exist. So Stephen Hawking's statement that there is no God is obviously false. science ">5. You Can't Measure God Through Science. Science is the study of the physical and natural world. But God, by definition, is not limited to the physical and natural world.

As with previous writings on the existence of God, religious leaders and theologians, even some of Hawking's Cambridge colleagues, challenge his positions. The blogosphere, online newspapers and discussion groups fill with what Christians believe about creation and salvation.
