A course of modern analysis: An introduction to the general theory of infinite processes and of analytic functions; with an account of the principal transcendental functions, Hardcover – by E. T Whittaker (Author)Reviews:

A Course of Modern Analysis: An Introduction to the General Theory of Infinite Series and of Analytic Functions; With an Account of the Principal Transcendental Functions (Classic Reprint) Paperback – June 12, Author: E. T. Whittaker. A Course of Modern Analysis An Introduction to the General Theory of Infinite Series and of Analytic Functions; With an Account of the Principal Transcendental Functions by E. T. Whittaker A Course of Modern Analysis. Get this from a library! A course of modern analysis: an introduction to the general theory of infinite processes and of analytic functions, with an account of the principal transcendental functions. [E T Whittaker; G N Watson]. A Course of Modern Analysis: an introduction to the general theory of infinite processes and of analytic functions; with an account of the principal transcendental functions (colloquially known as Whittaker and Watson) is a landmark textbook on mathematical analysis written by E. T. Whittaker and G. N. Watson, Author: E. T. Whittaker and G. N. Watson. a course of modern analysis an introduction to the general theory of infinite processes and of analytic functions; with an account of the principal transcendental functions by e. t. whittaker, and professor of mathematics in sc.d., f.r.s. the university of edinburgh g. n. watson, sc.d., f.r.s.

As an experiment, I am transcribing for the web Whittaker and Watson's classic work on complex analysis and special functions. Its value as a reference work, extensive use of parenthetical comments, and numerous footnotes and references may combine to make it more pleasant and useful to . Sep 13, · A Course of Modern Analysis: An Introduction to the General Theory of Infinite Processes and of Analytic Functions, with an Account of the Principal Transcendental Functions, Edmund Taylor Whittaker Cambridge Mathematical Library5/5(1).
