Africa is the second largest continent in the world. The earliest humans we know of are discovered in Africa. The people from Africa included unique characteristics in their folklore, showing their way of life and the animals and plants that surround them. Folk tales and myths serve as a means of handing down traditions and customs from one generation to the next in Africa. For several generations, stories from Africa have traditionally been passed down by word of mouth.

Welcome to World of Tales - a collection of children's stories, folktales, fairy tales and fables.
