One legion is 6, angels, so if you simply multiply that number by twelve, you'll discover that twelve legions of angels would include a minimum of 72, angels. May 31, · Best Answer: Legion is a military term of the roman army. The number of soldiers / legionaries in a legion varied during the times of the roman empire but it was allways in the order of several thousands. Therefore 12 legions of angels may represent 36, or even more

The legion almost immediately earned the title of 'victorious', one of the proudest names a Roman legion could bear. The names of the legions were important as they gave its history. The name of the legion was to remind the legionnaires of their predecessors glorious victories and achievements and to encourage them to follow their example. How many angels are equals to "one legion?" Matthew AMP - 53 Do you suppose that I cannot appeal to My Father, and He will immediately provide Me with more than twelve legions [more than 80,] of angels? The Twelfth Legion Fulminata or Legio XII Fulminata is the last remnant of the once powerful Roman military, and currently has its headquarters in California, maintaining a garrison near the city of "New Rome." New Rome and the legion collectively makeup Camp Jupiter. Between 60, - 96, based on a Roman army usually having between - soldiers per legion.

Not twelve weak men, one a traitor and the others timorous, but twelve legions of the armies of the Lord of Hosts. Note the Roman word appearing here, as in Mark ; Mark , .
