Sklar's book is an excellent overview of the history of world cinema, from its development (at least in prototype form) in the late 19th century until about ten years ago. I assigned it as a text for my "International Cinema" course, and was on the whole quite
Reviews: 3.

The author does not treat the history of film as a self-contained subject but rather as a dyn It covers the technological and stylistic developments of movies in the rich context of culture, politics, society and other arts/5.

For undergraduate and graduate-level courses in History of Film, Introduction to Film Studies, Film and Culture and Film and History. This comprehensive history of cinema from its origins to the present-day treats the film medium as a global phenomenon with dynamic relationships among nations and cultures in all phases of its history. A World History of Film presents the entire history of motion pictures, from pre-cinema to the present. Providing a complete analysis of the principal films, directors, and national cinemas, it supplies a thorough grounding in the social, economic, and political circumstances critical to an understanding of film as both art and industry.

World History Movies/Documentaries The movies listed below have some historical value. They are not for extra credit or assignments, but if you are going to watch a movie in any event, you might as well watch one of these. Jun 12, Watch video The film concerns about history of the world in various parts, from the dawn of human being until the distant future in French Revolution and narrated by Orson Welles. The first part during the Stone age with a sympathetic cavemen(Sid Caesar, Ron Carey) inventing the music/10(K).
